Using Tarot to Simply Your Business and Attract Clients

Former Psychologist Turned Tarot Reader Helps Business Owners Find Answers

“Using the Archetypal images of the Tarot cards to tap into the subconscious and understand yourself on the deepest levels helps you to create the future you desire. This, in turn, empowers you to simplify your business, attract the best clients for you, and scale your business to \$25k months.”

5 Figure Framework

Business is not intuitive, but it can be simple. The 5 Figure Framework will show the steps I’ve used – and helped my clients use – to create \$25k months. This process starts with creating offers, not branding, logos, websites, or the unnecessary things most people tell you to focus on. Instead, you’ll learn what really works and how you can start to bring in clients quickly, usually within 48 hours.

Tarot Works Better than Therapy? Why One Psychologist Quit to Read Cards Full Time

After 13 years as a psychologist, I finally quit because Tarot cards just work better. Learn how to use the cards to connect with and heal your subconscious beliefs. You’ll also hear my story of how I used the cards with my psychology clients – and why talk therapy alone wasn’t working. Learn how to read any Tarot card with a live demonstration.

5 Minute Tarot

Myths about Tarot are far too common. In this talk, you’ll learn what’s really true about the cards and about the process I’ve used to teach thousands of people in more than 214 countries to read Tarot in about 5 minutes.

Using Tarot to Overcome Religious Trauma

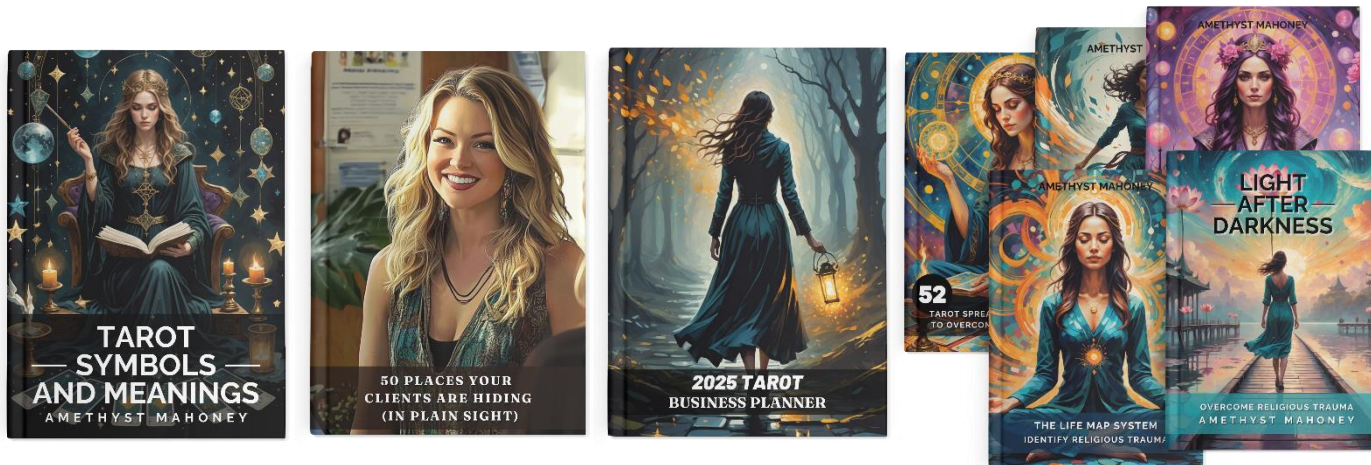

33% of Americans identify as having Religious Trauma. This affects your relationships as well as all aspects of your life and business. Religious Trauma causes CPTSD, OCD, anxiety, perfectionism, procrastination, ADHD, and more. If you’re not treating it, you’re not treating the actual problem. In this talk, I’ll identify the beliefs that cause trauma and how to use Tarot Therapy to overcome this silent killer.

Her practice has the potential of creating lasting positive effects on people's mental health, regardless of their metaphysical views of tarot, as they focus on expressing their internal perceptions, imaginations, and feelings.”

- Darren Slade, PhD, President of the Global Center for Religious Trauma

“We’re Bringing Her Back To Speak Again!”

“Amethyst had **TWO** of the highest-attended workshops at our event, and everyone raved about the content and value she brought. Many attendees have already asked for her to come back, and we can’t wait to fly her out to speak again!” - Sylvia, KCSpiritCon Committee, Event Organizer

“I Can Read Tarot Now!”

I’d been struggling to use Tarot Cards for the past seven years, and after learning Amethyst’s technique In just 5 minutes, I’m finally comfortable with the cards! Now I know how to use them for my spiritual practice, and I can’t wait to do my spreads.”
